

Vsid::AttributeMeter

```
classDiagram
    class Vsid_AttributeMeter["Vsid::AttributeMeter"]
    class Vsid_DirectionBytesCount_Meter["Vsid::DirectionBytesCount Meter"]
    Vsid_DirectionBytesCount_Meter --|> Vsid_AttributeMeter
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled "Vsid::DirectionBytesCount Meter". A blue arrow points vertically upwards from this box to a white box at the top labeled "Vsid::AttributeMeter". This indicates that "Vsid::DirectionBytesCount Meter" inherits from "Vsid::AttributeMeter".
