

Vsid::AttributeMeter

```
classDiagram
    class VsidAttributeMeter["Vsid::AttributeMeter"]
    class VsidFirst4ByteFrequencyMeter["Vsid::First4ByteFrequencyMeter"]
    VsidFirst4ByteFrequencyMeter --|> VsidAttributeMeter
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled "Vsid::First4ByteFrequencyMeter". A blue arrow points vertically upwards from this box to a white box at the top labeled "Vsid::AttributeMeter". This indicates that "Vsid::First4ByteFrequencyMeter" inherits from "Vsid::AttributeMeter".
